June 26 1946 Mr Jocko Maxwell 70 Hertford St. Newark N.J. Dear Jocko: Please perdon my delay in writing you, but I have been unable to get to it until now. I am enclosing a sheck for services rendered to date. This will be the last one, as I do not feel able to include the service in my bugget. We are not drawing as well as we expected, which I think is due to the fact our fans are not working on the whole. I will contact you when I feel able to ask you to

do some extra work for me. I will ask Butts to continue sending you information about the club which you may be interested in using on your broadcasts.

I will call you for a talk the first chance I have.

Very Truly Yours
